OYSTER BAY, Sept. 12 -Isaac Schamaus, a Russian Jew, 20 years old, was arrested here late this afternoon, and, after an examination by the Justice of the Peace, was sent to Mineola, L. I., to be examined as to his sanity. The arrest was made by a Secret service officer, on-

Is General Coal Agent.

He said he was the general coal agent of Greater New York. There was imminent danger, in his opinion, of a general strike among the miners in the anthracite coal region of Pennsylvania, and the strike will result in great hardships for the people of the country.

He wanted ten minutes with the President to tell him to appoint a committee of three men who would regulate the output coal supply so as to provide the poor with fuel at reasonable prices, even in the event of a strike.

Had Sent Telegrams

Secretary Barnes recognized at once that Schaimaus was the man who recently had written one letter and sent two telegrams to the President on the subject of the price of coal and he informed him that it would not be possible to arrange an interview for him at the moment.

Later in the afternoon the Secret service agent found Schamaus in his rooms at a hotel and placed him under arrest. He made no objection to accompanying the Secret service man to the office of Justice Franklin. The Justice questioned him at length in the presence of a throng of people who had assembled out of curiosity.

Then he began to deliver an address on the question of the alleged oppression of the people by the coal magnates. He reviewed his plan to have the President interfere in behalf of the people and declared that had not President Received settled the coal strike three years ago more blood would have been shed than the world ever saw.

Liberty Without Law.

In the course of his remarks he turned to a bystander who had asked him a question about anarchy, and declared the time would come when the people would have liberty without the restraint of law, as laws would be unnecessary. He pointed to President Roosevelt as an example of what a man could accomplish and said f what a man could accomplish and said very man could do as the President had

CARRY HATE TO BIER.

Disorders Feared at Funeral of Late

Governor-General Governor-General.

TIFLIS, Sept. 12.—Serious developments have arisen in connection with the death of Gen. Prince Amilakhovri, formerly Governor-General of Baku, whose body is now lying in a house in that city. The Prince was regarded with bitter hatred, owing to the harsh measures which he adopted when he was sent on a special mission to pacify the Caucasus, and the revolutionaries threaten the local priests with death if they attempt to offer prayer over the body. No one dares approach the house.

Troops have been dispatched to bring the remains to Tills, and it is feared that there will be disorders at the funeral.

Mutilated Children.

Many thousands of Tartars have crossed the Perso-Russian frontier and joined the insurgents in destroying Ar-menian villages. At the village of Mink-end 300 Armenians were slaughtered. Expects to Give Himself Up When Indignation Cools.

NEW YORK, Sept. 12.-Policemen watched every ferry and railroad station

watched every ferry and railroad station in this city last night trying to capture Paul Kelly, the fugitive motorman of the wrecked elevated railroad train in which twelve persons were killed, but had not found him today. A general police alarm was sent out calling for the arrest of Kelly on a charge of homicide.

Investigation of the wreck was taken up today by the State Railroad commission. Fourteen of the persons injured in the wrecked train were still in the hospitals today. Some had been removed to their homes during the night, their injuries preving not to be serious. Of those in the hospitals three were so badly injured as to make their recovery doubtful. They are William Engle, whose right leg was amputated. Eliza Miner of Nyack. N. Y., whose skull was fractured and leg amputated and William T. Niebuhr, who also suffered from a fractured skull.

Several others were suffering from very serious injuries and their condition might at any moment become critical. Seymour Ree, who had a fracture of the skull, was one of these.

That Motorman Paul Kelly is still in New York and is hiding with the intention of giving himself up to the police whenever popular indignation cools enough to make such a surrender safe, is the statement which the police today obtained from the man with whom Kelly spent the first few hours after yesterday's accident and to whom Kelly disclosed his intention before his sudden disappearance yesterday.

O'Connell of the diocese of Maine, as special envoy of the Pope to the Emperor of Japan, it is now known that the appointment of such a representative has been in contemplation for a long time. It was thought that the japanese people could never be converted individually, but would have to be Christianized, if at all, by diplomatic methods.

Suffers From Imputation.

At the present time the Catholic church in Japan is suffering from the imputation that it is a French institution, and, Franca being the ally of Russia, the church comes in for a share of popular disfavor. To counteract this it was suggested that the Pope should come forward as a soversign and appoint a representative at Tokio, at the same time requesting the Japanese Government to send a minister to the Vatican. The suggestion was well received by his Holisend a minister to the Vatican. The suggestion was well received by his Holl-ness.

WHY THE HIERARCH LEFT FOR MEXICO

Light Thrown Upon the "Sneak" Trip of Joseph F. Smith.

Church Scheme to Have Actions Brought Against Polygs

STATES FOR A PURPOSE

FLEES FROM UNITED

Fine thing to have a wise old head, To know just when to leave, Better to be allive than dead. There're new plots to conceive.

in the Courts.

Not alone for a rest from the arduous cares of ruling over his subjects did Joseph F. Smith, the Mormon Hierarch. leave Monday night for the Southwest His and the Lord's own official organ announced Tuesday evening, after The Tribune had exposed the fact of his departure, that the purpose of the trip was to dedicate a Mormon academy in Mexico and visiting the colonies of the Latterday Saints in that country.

Crept Off in the Dark

Had it not been a "sneak" trip which the Mormon ruler desired to have kept from public knowledge, it is certain that President Smith's own organ would have announced his going with a flourish of trumpets and that he would have made the trip in a private car. The "News" item says "President Joseph F. Smith and wife." but makes no mention of which of the Hierarch's numerous wives went along.

Trying to Hide Un

Trying to Hide Up.

As a matter of fact, according to reports received from numerous reliable scurces. President Smith's object in so suddenly leaving Zion is to be absent while a number of actions are brought against polygamists of the State, on those who are notorious and defiant lawbreakers, as he almself has been convicted of being by his own testimony under oath. Smith is willing to have some of his underlings and tools serve as catspaws, but for himself he prefers to be where the laws of the United States cannot reach him.

Deep Laid Plot.

According to current rumors, the plot to which the hierarch is a party, is deeplaid and devious. It is stated that a number of actions are to be brought against the polygamiats referred to by parties who are really in sympathy with Mormon polygamous practices; that an effort will then be made to have the prosecuting officers consent to the imposition of a nominal or light penalty, such as Apostle Heber J. Grant paid a few years ago, when, upon conviction of unlawful cohabitation, he smiled, pulled out his check book, handed over file to the ciert of the court, and joyously walked forth to continue his unlawful practices unhindered.

For Example to World. Deep Laid Plot.

For Example to World.

Of course Smith does not want to be here when the attempt is made to carry through such a plan. He might get saught at it, for it remains to be seen whether or not the prosecuting officers now in control here would or could be hoodwinked by this kind of film-flam game. The purpose is plain. After the imposition of a small fine against the convicted persons, the Mormon church leaders would then turn to the world and say. 'See how law-abiding the Mormon people are: the men who violate the laws of the land have been punished by their own people, in their own State courts. You can no longer say that we tolerate refusal to obey the laws of the land.'

May Found Another Empire. For Example to World.

May Found Another Empire. May Found Another Empire.

There is also another reason back of this sudden departure of the Mormon Hierarch. He realizes that the time is swiftly coming when the people of America will no longer bear patiently with the trickery, evasions, hypocrisy lies, piedgebreaking and law-defying of himself and his band, twenty-six in all is it not a good time, then, to strengthen the stakes and strengthen the cords of another Zion, so that in time of tribulation there will be a refuge to which the leaders may fiee?

STOCKHOLM, Sweden, Sept. 12.—The delegates of Norway and Sweden appointed to discuss the dissolution of the union of the two countries will reassemble at Karistad, Sweden, September 13, and as it, is declared here that the Swedish conditions are unalterable, the outcome seems to depend on the Norwegian acceptance of these conditions.

The tone adopted by the Norwegian newspapers appearing this morning is very threatening and is considered to be specially significant coming after yesterday's meeting of the Norwegian delegates.
